

MESSAGE FROM VICE PRINCIPAL

Dear pass out nobilians,

A hearty WELCOME to the NOC(Nobilians Of Chandrapura) !

Every year many ex - nobilians come back to their school to meet their teachers, the office and maintenance staffs. They go to the library and the science labs. They take photographs of their teachers and the school building. Some of them go to the play ground to play. Some even like to sing the school song when they happen to be in the school assembly. Clearly, a sense of nostalgia about the 'good old days' creep in them as they are out of touch with their school. So as soon as they step in the school campus the 'inner free child' which is spontaneous creative, playful, noisy and at times mischievous becomes very active. The fact of the matter is that they all long to be associated with their *alma mater*.

The NOC is an attempt to give you a platform, networking opportunities where all graduates of DNS CTPS can connect with one another socially and professionally.

I sincerely hope this Association will come up to your expectation i.e. to foster a spirit of fellowship, to remind you of some of the core values of your school, to promote the general well being of your school as well as of society.

So, join the Association , give your best and the best will come back to you.

Wishing you ALL THE BEST !

SEBASTIAN HORO
